"Northeastern State University has truly shaped my life. As someone from a small high school, I was nervous about adjusting to a larger school, but NSU welcomed me with open arms. The campus community is supportive and the opportunities to grow through leadership roles have been invaluable. The staff genuinely invests in student success and NSU has set me up for a future full of possibilities. I'm forever grateful for everything this school has given me."

"Many colleges and universities boast about their close-knit community, but they all pale in comparison to NSU. NSU's community is a broad and expansive one, bringing together students, faculty, staff and the Tahlequah community at large to establish this historic institution as one of support and connection. NSU's commitment to fostering a welcoming and supportive atmosphere has allowed me to sharpen my leadership skills and explore my academic pursuits while consistently being uplifted. I am truly grateful that NSU has allowed me to grow as a leader and individual and has fully prepared to take on whatever lies ahead."
