All F1 and J1 international applicants must document their ability to meet all education and living expenses for the first year of intended study before the university can issue a Certificate of Visa Eligibility (form I-20 or DS-2019).

Please complete the form completely and attach the appropriate documentation required. All documentation (appropriate affidavits and/or scholarship awards) must be dated within 3 months prior to the date of application and also be sent with this form as proof of financial support for your first year of study. All supporting documents must be in English. If funds are in a currency other than US dollars, we will do the conversion.

*Current total costs are estimates of our annual education and living expenses for international students. You must document financial support equal to or greater than this amount. This estimate is subject to change without notice, and usually increases each year.

*NSU requires students on F-1 and J-1 visas to enroll in a health and accident insurance policy provided by the university.

As an international student, you will not be eligible to apply for U.S Federal financial aid at any time during your study, unless you apply for and receive such aid from NSU scholarships. Also, you will not be permitted to work off campus without authorization from the International Office. This policy is regardless of unforeseen family difficulties, political changes in your home country, currency devaluation, etc. that may alter your financial situation.

NSU reserves the right to require further certification of finances or advance payment of tuition and fees from students whose funds originate where severe currency restrictions exist.
