What is Rx 'n Go?

- Exciting benefit offered by your Employer
- Over 1,300 generic maintenance medications and insulin products shipped to your home for FREE on PPO plan
- Blood pressure, cholesterol, diabetes, asthma, and emotional health are some of the chronic conditions covered
- 90-day supply sent directly to your home
- Automatic refill
- Doctors can phone, fax, or Escribe the prescription to our pharmacy (Transition Pharmacy, PA)

The screenshot displays the Rx'nGo website interface. At the top left is the Rx'nGo logo with the tagline "Care. Delivered." To the right of the logo are navigation links for "Home", a shopping cart icon with "19" items, and a user profile icon for "Amy Stear". Below the navigation is a search bar with the placeholder text "Type the name of your medication" and a subtext "Use the search above to locate the medication you would like to order". The main content area features six interactive cards arranged in a 2x3 grid:

- Start Here:** "Get started with your account" (Image: A "START HERE" signpost).
- Active Prescriptions:** "View your prescriptions" (Image: Two women in a pharmacy setting).
- Orders:** "View orders and tracking information" (Image: A pharmacist handing a box to a customer).
- Order History:** "View historical orders not eligible for refill" (Image: Hands flipping through a folder).
- Addresses:** "Update your shipping details" (Image: A two-story house).
- Prescribers:** "View/Add Prescribers on your account" (Image: A stethoscope on a medical chart).

****Have at least 14 days of your medication on hand before placing your initial order**

NDC 73070-100-11
List 010011

One 10 mL multi-dose vial
100 units/mL (U-100)
Rx only
U-100

How Do I Sign Up and Lookup Medications?

Go to www.rxngo.com select Medications Tab and put in your Employer & Plan

The screenshot shows the Rx'nGo website interface. At the top, there is a dark blue navigation bar with the text "Support: 888.697.9646 | Login" and a "Sign Up" button highlighted with a green box. Below this is a white header with the Rx'nGo logo and the tagline "Care. Delivered." On the right side of the header, there are links for "How it Works", "Medications" (highlighted with a green box), and "Members".

Check If Your Medication is Covered

If Rx 'n Go is a benefit offered by your employer, you'll get up to a 90-day supply of medications at no cost to you. Members on a standard health plan will have access to over 1,300 maintenance and preventive medications. Members on an HSA/QHDHP plan may have access to 850 plus preventive medications. You can determine if the medications you need are covered under your employer's plan by searching our medications lists below.

If your branded medication notes it is covered by Beyond, it will be transferred to our Rx 'n Go Beyond pharmacy.

If the medications are not on the Rx 'n Go medications list*, call 888.697.9646 to speak to a licensed, Transition Pharmacy pharmacist. The pharmacist working directly with your doctor can often find an appropriate alternative prescription medication.

There are two search buttons: "Search Covered Medications" and "Search All Medications".

- 1 Search & Select Your Employer: A search input field with the placeholder text "Search by employer name..." is highlighted with a green box.
- 2 Select Your Plan: A dropdown menu with the text "Select" and a downward arrow.
- 3 Search Medication: A search input field with the placeholder text "Search by generic or brand name..." and a "Search" button below it.

Create Self-Service Portal

Sign up online at rxngo.com or over the phone at 888-697-9646

- Time savings not going to the pharmacy ever 30-days

Reminder! Please have 14 days of medication on hand before your first order!

“

“I am incredibly impressed with everything I've seen so far for Rx 'n Go.

The help and service you've provided me in the last 24 hours far exceeds any help I've ever gotten from my last 2 prescription providers or [PBM]. I've spent YEARS dealing with sub-par companies and their so called “support” teams and it's been nothing short of head-banging frustration.

I wish our Employer had switched over to you and your outfit years ago!!!”

- Rx 'n Go Members
