## 2025-2026 Low Income Form

_____	_____	N _____ (____)	_____
Last Name	First Name	Student ID #	Phone

An unusually low income was reported on your financial aid application. To help us clarify your financial aid application and household situation, please list and explain below the resources that were available to help you meet your living expenses in 2023. This information will be used to help ensure the FAFSA questions were answered correctly. ***Please list the amounts you received or paid for the whole year, not per month. Dependent students should provide information about their parents.***

If some of your expenses or living costs were paid or given to you by someone else, a government agency, please explain that on the lines below so we can document it properly for the students' financial aid file. Many types of assistance do not have to be reported on the FAFSA form. When these types of assistance are present, it is very helpful for this to be shown in the students' file.
